Setting up for new show, taking down art works and packaging them correctly. Keeping open line of communication between the director, artists and visitors. Creating a digital copy/record of all past works, donated pieces and art shows. On the assistive side I was responsible for opening and closing the gallery and running the front desk as well as greeting visitors in a polite manner and having them sign in.

“No matter how far I've gone and how much I learn there's always more to learn. It's a continuous effort.”
